

## Succes Stories

### *Museum and Exhibitions: Your idea, our implementation*

Our client commissioned us to build a museum based on approximately *60 digital exhibits*. From multiple-choice games to complex educational games and *multitouch presentations on multiscreen devices*.

From the administration of the exhibits over *monitoring* to *diagnosing* hardware failures up to the integration into our websites. BrixWare is our partner because we rely on getting *affordable and creative solutions* for our ideas.

Last-minute changes are supported by BrixWare's *agile way* of working, appointments are kept at all costs.

**Contact us if you want to realize your goal, even if the way is not clear; down to the last detail.**
